

# Number after/before/between

Ask the child to put number cards 9 – 20 in order. Ask questions like these:

What is the number **after** fourteen?

What is the number **before** eleven?

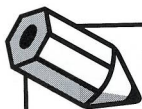

What is the number **between** seventeen and nineteen?

9 10 11 12 13 14 15 16 17 18 19 20

Repeat for other numbers.

Write the missing numbers.
